

AC440 Plug-in for AuditBase System

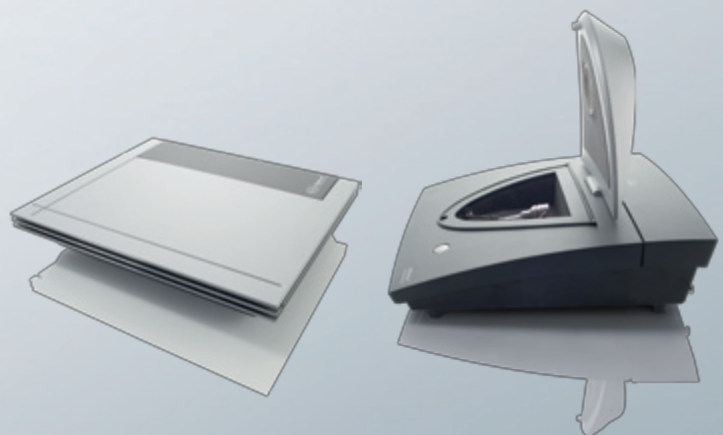

The AC440 plug-in from Interacoustics appears as a small control panel that runs on top of the AuditBase Audiogram. The clinician controls the audiometer via the panel, and the result of the measurement is entered directly into the AuditBase Audiogram.

AC440 Plug-in for AuditBase

The AC440 Plug-in for AuditBase System gives condensed access to the new Interacoustics Affinity^{2.0}/Equinox^{2.0} AC440 module. Supports the daily operation in clinics that use AuditBase.

Features:

- Full 2 channel clinical audiometry
- Perform Tone, Speech and Weber tests
- Talk forward, Talk back and Monitor functions
- Extended Range (+20 db) button
- Presentation control: Manual/Reverse, Pulsation, Synchronous, Simultaneous/Alternate.
- Choose between 1 or 5 dB steps
- Select HCL, MCL or UCL
- Advanced speech testing:
 - Manual correct / incorrect scoring
 - SRT, UCL, WR1 & WR2
 - Speech from hard drive and easy word presentation
- Full keyboard control using shortcuts
